Special notes & transitions:

Alive will be the big finale, go nuts!

Stage and Set-up

Stage Plot (ideal scenario)

Stage Plot for ANAURA Show

Performance Area
3 m x 2 m

Laptop & Interface

Keyboard

ANAURA

Backline

I provide for L&R Instrumental Mix and L&R Vocal Mix (6.3 mm). The Scarlett Interface I use outputs 4 mono channels.

Mic Inputs are processed and combined. I'm using a full in-the-box setup for Playback and Keyboard.

Sound Requirements

I can work with what you provide if your system can take the beforementioned two pairs of stereo audio as 4 mono inputs.

Lighting Requirements

Whatever you can provide. My favorite colors are orange and purple.

Additional Requirements

Fog machines are a big plus but of course optional.

A dressing room is much appreciated.

Thank you for the invitation and feel free to contact me 24/7 in case of questions!
